MRS. KANDBINDER'S CLASS NEWSLETTER

Mrs. K.'s Thoughts

Mrs. Smith has begun her Student Teaching. She will be here until April 26. She will begin teaching math on Monday. As the weeks progress, she will be taking over all teaching in the classroom. This is a great experience for her as well as the class. I will still be guiding her lessons and the class as she is teaching! During this time, I will also be spending extra time with small groups working on test-taking skills.

Mrs. Smith's Thoughts

I look forward to working with your children. Many of them do know me from being their substitute teacher last year. I will be sending home a permission slip form next week.

This form allows me to use your child in my writing assessment that I need to do for student teaching assignment.

Special Notes

Rummage Sale, Spice pick-up, and Aluminum Can Donation is this SATURDAY from 9-12!

We will celebrate St. Patrick's Day on Friday, March 15. Please send in green snacks!

Reading

Don't forget to be reading and taking quizzes. 30 points to 3rd Quarter! 3rd Quarter ends on March 19th!

Writing

We have learned how to "Graffiti"! We used our research about our inventors and then "Graffiti"ed a page of the facts. We also used this skill to write information about ourselves to present to Mrs. Smith.

Math

We took another set of assessments this week. I will no longer be reading their math assessments to them. If they have a question about a word within the question I will assist them, but will not give them clues on how to solve the question.

Science/Social Studies

Science Experiment Presentations

The kids did a great job on their experiments. I love watching them as they work through their steps!

Spelling Unit 20

Silent letters in the middle of the word

limb	column	debt	rhyme	solemn
sometimes	haven't	no	that's	was
dumb	lamb	knock	wrote	sign
